+ Luna +

Yesterday a young warrior was pummeled to death by his Golem outside Luna's Bank. Apparently the lad fell asleep! One witness tells us "He was jus' swingin' away an no one though anythin' of it...until he fell to the groun'" Luna guards are investigating this incident.

+ Britain +

Late last nite there was a tavern brawl inside The Cat's Lair. Barkeep Timothy told the two unruly men to get out! They fought their way outside but the fight was broken up when the town Guards stepped in.

+ Moonglow +

A crazy woman known by the name Tinker Bell caused quite an uproar in Moonglow yesterday. She started hurling fireballs at anything that moved outside the Bank! Witnesses tell us "She just calmly walked into the roadways and stood there for a long time. Next thing we knew, she was cackling loudly and flames were shooting everywhere! I ran for my

life!" The woman finally
tired herself out and was
taken away by the town's
Guards. Town Guard
Nelson tells us "So far
this has been an isolated
incident. We are
investigating the matter."

+ Trinsic +

A theif tried to make
off with a handful of
jewels at The Pearl of
Trinsic two days ago.
Shopkeeper Bryant had
this to say "This fellow
came in, looked pretty
poor like he had no
business in 'ere. I keep
my eyes on him an
before I know it, he
grabbed some gems and
ran out the door!"
Fortunately the town
Guards struck the theif
down. Guard Christopher
made this statement
"Scum like him are not
welcome in our fine city!"

* Advice by Jerika *

Dear Jerika, I'm just a
lonely bard. Recently I
traveled to Jhelom where
I saw the most beautiful
woman. Her name is
Melissa. I could not keep
my eyes away from her
beauty. Eventually a
handsome Warrior came
over to her and kissed
her! I found out that
this was her Husband!
What should I do? Signed
Lonely in Jhelom
Dear Lonely,
I think you better find
another love interest. You
are just a bard and he a
mighty warrior! You have
no chance! Do you realize
with one swing of his
sword, you will be felled?
Perhaps you should learn
to pick up a sword so
you have a fighting
chance! Good Luck -

Jerika

Dear Jerika,
My girlfriend likes to
bake cakes and cookies.
You would think this
is a good thing, but
it isn't. The problem
is, she can't bake!
Her cookies are like
rocks and her cakes
taste so bland! What
should I do? Signed
Not very hungry

Dear Not hungry,
Does your girlfriend
have a dog? If not, I
suggest getting her
one. That way when
you visit her and she
tries to feed you
these "treats", you
can quietly feed them
to the doggy! Just make
sure she doesn't see you
doing that! -Jerika

****+ Warning!! +****

My fellow travelers, there
is a scam going on. The
fair lady Balia has been
found wandering the
streets, asking for an
escort to a city and in
turn, she will pay you
gold coins. Do not be
fooled! This lady tells you
to escort her, but she
escorts you away from
the road and steals your
coin!

You better get out
there and fight those
dragons! Good luck is on
your side and fortunes
are to be made today!
